Deal Intake Notes — Northwind x Tailwind (MSA + SOW)

Meeting metadata

- Meeting date: 2026-02-28
- Type: Technical / Procurement Alignment
- Source: Internal sync + follow-up customer call
- Prepared by: Alex Rivera

Participants

Northwind (Customer)

- Harish Kumar — Procurement Lead
- Maya L — IT Security Advisor

Tailwind (Vendor)

- Priya G — Solutions Consultant
- Daniel R — Delivery Manager

Deal overview

Northwind is exploring Tailwind's workflow automation suite to standardize onboarding, legal review, and vendor evaluation. They require an MSA before moving to the SOW phase. Tailwind to propose a 6-month rollout plan including integration with internal systems.

Requested documents

- MSA: Customer prefers to use vendor template but wants liability carve-outs.
- SOW: To define deliverables for integration, workflow setup, and testing.

Parties (legal)

- Customer legal entity: Northwind Traders Ltd.
- Registered address: Sector 21, Noida, India
- Vendor legal entity: Tailwind Technologies Pvt. Ltd.
- Registered address: HSR Layout, Bengaluru, India

Scope (MSA + SOW)

Objective

Deploy unified workflow automation across procurement and vendor management teams.

In-scope deliverables

- Configure automation flows for onboarding and legal review.
- Integrate Tailwind APIs with Northwind ERP system.
- Enable dashboard for process analytics and SLA monitoring.

Out of scope

- Custom ERP module development
- Retrospective data migration

Timeline & milestones

- Target MSA execution: 2026-03-05
- SOW signing: 2026-03-12
- Rollout duration: 24 weeks
- Quarterly steering reviews

Commercial terms (draft)

- Pricing model: Subscription + setup fee
- Setup fee: INR 9,50,000
- Subscription: INR 1,20,000 per month
- Payment terms: Net 45
- Invoicing: Monthly subscription + upfront setup fee
- Taxes: As applicable

Security / compliance

- Data residency: India (primary)
- Certifications required: SOC2 Type II, ISO 27001
- Additional requirement: API audit logging + VAPT report
- DPA: To be executed along with MSA

Legal / contract preferences

- Governing law: Karnataka / India
- Liability cap: 12 months of fees; customer may request exceptions for data loss
- IP position: Vendor retains product IP; customer retains data control

- Term: Multi-year framework under MSA

Open questions / missing info

- Clarify if third-party auditors will be involved
- Confirm uptime SLA (proposed 99.5%)
- Confirm ERP integration approach: webhook vs polling

Next steps

- Tailwind to share updated MSA redlines (owner: Priya; due: 2026-03-01)
- Northwind Security to review VAPT report (owner: Maya; due: 2026-03-03)
- Tailwind to provide implementation roadmap (owner: Daniel; due: 2026-03-04)
